Counselor's Corner! Hello and Welcome Back!

We are so excited to have your children as our students! The Counseling program at Jefferson includes all students. I go into all of the classrooms to teach social skills, I have lunches with the students, run small groups and meet with individuals. Every grade level will have a specific skill set that they will be learning. Please look for more information to come home in your child's folder.

The beginning of the school year brings changes to family and student's lives. Please talk to your child about schedules and expectations changing.

We are going to have a great year!
